About CAC AmeriCorps:

Established in 1994, CAC AmeriCorps is a national service program that combines elements of traditional conservation practice with community action that informs our work and places it in the broader context of the region. CAC AmeriCorps members serve to improve public lands, streams and greenways, educate the public, meet immediate human needs, eliminate barriers to employment, contribute to healthier lifestyles, and build volunteer capacity to enhance the ability of our partners to get things done. We are committed to human and environmental justice in our communities through enduring acts of service.

Position Summary:

This position is split between two organizations – City of Lenoir City Stormwater and the Tennessee Stormwater Association (TNSA), with approximately 75% of the time spent with City of Lenoir City and 25% of the time spent with TNSA. The Stormwater Department for Lenoir City provides everyday services for the residents of the area as well as running the stormwater program. Tasks performed for this site include updating social media with relevant content, administrative duties, assist with mapping existing infrastructure and stream assessment, assist stream cleanup days, assisting with education of the general public, and occasional fieldwork.

TNSA is a non-profit organization and is Tennessee's Premier Organization for Stormwater Professionals. TNSA's mission is to assist local government entities in their efforts to comply with State and Federal clean water laws and stormwater regulations, and through such assistance, to protect and improve the quality of the waters of Tennessee. The member will work with stormwater government agencies, engineering firms and TNSA members throughout the state of Tennessee. Tasks might include administrative duties, updating social media, assisting with the TNSA Annual Conference and the East TN Symposium, and assist with 5K events in Nashville, Knoxville, and Chattanooga.

This opportunity will provide the member with the experience of seeing first-hand how non-profits and government offices can work together towards a common goal. The member will have the opportunity to make strong community connections, build professional skillsets, learn about stormwater rules and regulations, as well as the potential to gain experience attending and planning conferences.
