

## CAC AmeriCorps

*Position Description*

### Compost Coordinator

**Partner:** Sevier Solid Waste, Inc.

**Location of Service:** 1831 Ridge Road  
Pigeon Forge TN, 37863

**Supervisor:** Laura Howard, EHS Director

#### **About CAC AmeriCorps:**

Established in 1994, CAC AmeriCorps is a national service program that combines elements of traditional conservation practice with community action that informs our work and places it in the broader context of the region. CAC AmeriCorps members serve to improve public lands, streams and greenways, educate the public, meet immediate human needs, eliminate barriers to employment, contribute to healthier lifestyles, and build volunteer capacity to enhance the ability of our partners to get things done. We are committed to human and environmental justice in our communities through enduring acts of service.

The primary goal of the Compost/Recycling Coordinator is to raise awareness of the composting plant and Sevier Solid Waste's recycling facility, the benefits of using compost, and increase recycling within the community.

#### **Position Summary:**

The primary goal of the CAC AmeriCorps member serving at Sevier Solid Waste, Inc. as the Compost Coordinator is to seek new public lands and establish relationships for new applications of compost in and within a fifty mile radius of Sevier Solid Waste, Inc.

This position will provide the member with many opportunities throughout their term. The member will establish a relationship with stormwater groups to promote the use of compost for alternative solutions for erosion control as well as with Managers from various City and County Parks and Recreation teams, State Parks, Tennessee Valley Authority, and the Great Smoky Mountain National Park. The member will also establish a relationship with TDOT for compost to be used for roadway construction and stabilization and stream bank mitigation projects and establish relationships with local farmers to understand first-hand the benefits and results of SSWI's compost. Throughout the member's term, they will identify public lands to spread compost including parks, roadways, shorelines, and public spaces and serve as a liaison between SSWI and organizations for the coordination of delivery of compost. The member will research other City, County and State organization's compost applications as it relates to erosion control and their respective department of transportation and research and understand

## Attachment E

specifications set by Tennessee's Department of Transportation and Environmental and Conservation for stabilization and erosion control.
